

CLASSIC MARINA PEDESTAL RANGE

THE WORLD'S LEADING UTILITY PEDESTAL

The Rolec Classic pedestal is the world's most popular marina service pedestal with over 50,000 units sold worldwide. The much-imitated Rolec Classic pedestal has evolved into a complete pedestal range, offering almost limitless electrical and water variations and combinations. In fact, the Classic is so versatile that you can create your own pedestal - you choose the colour, size, height, material, illumination type and services required as well as the colours of the extrusion, lid and dividing seal.
